# About Us

## DISTRIBUTION AND PROCESSING:

At **Weinstein Wholesale Meats (WWM)**, our focus on portion control, private labeling and distribution is what brings value to our customers. The value of our portion control operations begins with the process of listening to our customers to make sure we know the exact specifications for their end products. We produce the finest custom cuts. Our artisan butchers hand trim every cut to produce steaks, chops and roasts that are tender, juicy and bursting with flavor.

## PERISHABLE LOGISTICS:

At **Perishable Distribution Solutions (PDS)**, we are an asset based transportation company with over 40+ tractor-trailers and a network of thousands of third party carriers providing truckload, LTL and intermodal services both dry and refrigerated throughout the United States. Wherever and however you need your freight to move, PDS, Inc. is committed to providing exceptional service and transportation solutions for our customers throughout the continental United States.

## Portion *Control*

WWM also helps grow our customers' businesses by building name recognition and customer loyalty. We customize products and packaging to meet your distinct needs and further build their identity. We are equipped to help both food service and retail professionals with their product and volume needs. Even though the end-product will contain our customer's name and logo, we go through the same processes and procedures to ensure product quality and integrity. We treat all of our private label products as if they were our own.

all 48 contiguous states.

## **PDS** PERISHABLE DISTRIBUTION SOLUTIONS

Perishable Distribution Solutions has been dedicated to providing our customers with the best available temperature-controlled transportation solution. To meet the individual needs of our customers, we provide a variety of refrigerated transportation services including; truckload, less-than-truckload (LTL), intermodal, brokerage, and warehousing. Our fleet of 40+ tractor-trailers and our network of partner carriers are prepared to deliver your freight safely and on-time. We committed to providing exemplary service, through our drivers, carriers and support personnel.

Building on our success in refrigerated freight, PDS has developed our brokerage team to handle dry freight and other non-refrigerated shipping needs. Our resolve to never say “no” and proactively service our customers has resulted in a loyal and diverse customer base that knows they can rely on us.

A red semi-truck with the PDS logo on the hood is driving across a large green steel truss bridge. The truck is positioned on the left side of the frame, moving towards the right. The bridge's complex steel structure is visible in the background, and the sky is a clear, light blue.

# Driven by Excellence

**Refrigerated Truckload Service:** We handle your short or long haul load with care and expertise. You can count on PDS to deliver your freight safely and on-time. Whether it is one pallet or one truckload, freight is treated with the same care and attention as our first delivery.

**Refrigerated LTL Service:** We specialize in transporting refrigerated less-than-truckload freight. Chilled or frozen, one pallet or twenty-four, PDS services the Midwest, East Coast, South/Southeast states and California on a weekly basis.

**PDS Brokerage Service:** We help you reduce paperwork, overhead, and stress by taking complete control of your freight from shipper to consignee. Combining our own fleet assets with those of carefully selected third party transportation partners, our brokerage department is dedicated to providing cost-effective transportation solutions that best serve your freight needs.

Midwest Perishables, Inc. (MPI) was established in 1983 as a wholesale meat distribution company in Madison, Wisconsin. MPI specializes in the fulfillment of refrigerated and frozen products for grocery stores, meat markets, and other retail stores needs.

We specialize in brand name and private label refrigerated and frozen products, as well as items found in grocery store hot cases. Additionally, we have an extensive catalog of spices, marinades and ingredients used in sausage production.

Today, we operate out of our state-of-the-art 27,000 square foot distribution center on the east side of Madison with a fleet of trucks on the road six days a week.
